

WARNING

PRECAUTIONARY BOIL ADVISORY

Water System Name: City of Holdenville

Public Water Supply ID: OK 1020803

Due to the massive leak in the main near the airport in the water system and the potential for contamination as a result of this situation, the drinking water supplied by City of Holdenville may be unsafe for human consumption. As a precaution, **it is advised that the consumers of this water system bring the water to a full, rolling boil for at least one minute before drinking**, consumption, food preparation, baby formula preparation, dish washing, tooth brushing, ice making, wound care, and bathing infants who may ingest bath water. **Alternatively, bottled water or another acceptable water source may be used.**

Important Note: This precautionary boil advisory is not related to the Coronavirus Disease (COVID-19) pandemic, and it is important to continue to wash your hands during the precautionary boil advisory. If soap and water are not available, use an alcohol-based hand sanitizer containing at least 60% alcohol.

Comments: _____

This advisory will remain in effect until further notice. Questions concerning this situation should be addressed to Michael Jones, Water Treatment at 405-379-2533.

Address of the PWS: 2200 S. Oliphant

Holdenville, OK 74848

County: Hughes
